HB4145

I am writing to oppose hb4145, its a dangerous measure that puts more power in the government's hands and less in the people. Why should a retired po or a acting po get standard capacity mags. Also it keeps necessary firearms put of the citizens hands at a time where ice has become a radical army and, if trump puts in the insurrection act and uses ice to seize power, then what are the citizens gonna use to defend themselves. This is a dangerous bill and has nothing to do with suicide or violence.
