House Committee On Judiciary

Measure, Appointment or Topic:

HB4138

I do not believe that any public official should wear a mask if it is not for health reasons. As a public officer there is a necessity to be accountable for your actions. If you are hiding your identity because you know you can do something people don't like and not be held accountable, that is wrong. Being an officer to the public includes a known risk, this has always been the case. Those who are acting wrongly should not be immune to that.
