

Submitter: Duane Waller

On Behalf Of:

Committee: Senate Committee On Early Childhood and
Behavioral Health

Measure, Appointment or Topic: SB1573

I support this bill as it keeps our children from seeing drug use as a positive thing by keeping it away from them.

It is evident that the Democratic Party will fight this bill, as they want to increase the impact of their homeless industrial complex and compound the misery of every Oregonian.

Please Vote to support this measure!
