Measure, Appointment or Topic: HB4107

As an Oregon resident with a family who may need access to urgent care from time to time, I am shocked to learn how unregulated urgent care centers are. Patients at urgent care centers deserve the same quality of care as at clinics and hospitals, and they deserve transparency in the kinds of services that urgent care centers provide and do not provide. HB 4107 is common sense and supported by professionals in the medical field. Please pass it. Thank you.
