Chair and Members of the Senate Committee on Judiciary,

I am writing in opposition to SB 1583. This bill would destabilize the systems of care built under Measure 110 by shifting oversight and funding in a way that disrupts treatment, recovery, harm reduction, and deflection services.

My son utilizes housing that is affected by this Bill, and it's already way too hard to access services because it is tied to funds. Some providers and communities have spent years building capacity and trust. Abrupt structural changes make it harder to deliver consistent care and risk leaving people without the services they need.

Oregon should focus on strengthening existing programs and improving data systems — not creating instability through major governance shifts. I urge you to oppose SB 1583.

Thank you for considering my testimony.
