

Submitter:

Tess Chedsey

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

Oregon is known for it's abundant forests, wildlife, waterways and salmon. This bill is in accordance with it's nature and it's nature-loving citizens. As a long-standing member of Humane World for Animals, I urge you to pass this bill for the animals, for nature and for the citizens of Oregon who live here for the great outdoors.

Thank you,
