

Submitter: Marjorie deBuse
On Behalf Of:
Committee: House Committee On Judiciary
Measure, Appointment or Topic: HB4114

Dear committee members considering this bill,
I am a life long Oregonian, born in Portland in 1948. At no time in the past have I witnessed the kind of unchecked law enforcement tactics that are currently in practice by masked and unidentified federal agents who are apprehending individuals at vulnerable locations such as schools, hospitals, churches and private homes. These agents have no warrants, or identification on their uniforms. I support HB 4114 because it will protect our citizens from this kind of unlawful conduct and rein in the powers of agencies outside of Oregon to operate within our state.

I hope you will agree, and forward this bill to the floor of the legislature for passage.
Thank you.

Sincerely,
Marjorie DeBuse, PhD
