SB1538

I am writing to you today to voice my strong opposition to this bill as it puts additional and unnecessary burdens on public school educators and administrators by adding an extra layer of bureaucracy and compliance. We are a nation of men but first and foremost we are a nation of laws, and immigration laws are critically important to maintaining a free and vibrant republic. The state of Oregon cannot continue to nullify federal law with regard to immigration. The only reason the party in power does not want our immigration laws enforced is because it believes that those here illegally can be purchased with benefits thereby becoming their permanent constituency. Seeing as that is the end goal of non enforcement of immigration laws, I strongly recommend that this bill be pulled from consideration.
