

Submitter: Audra Seldeen  
On Behalf Of: taxpaying residents of Oregon  
Committee: House Committee On Revenue  
Measure, Appointment or Topic: HB4125

The general population of Oregon have honorably paid all the taxes levied on them including  
GAS TAX, STATE TAX, COUNTY TAX, FEDERAL TAX, DEPT OF MOTOR VEHICLE FEES, AND OTHER TAXES NOT LISTED.

When the income generated and collected from taxes are over and above what the State has planned and asked for in their budget, the excess should be returned to the taxpayers so they can meet their rent, food, gas, electric, water, fire company, trash, medical, and other bills accrued and payable in order to survive. For the State to try to retrieve this overage of taxes paid is unconscionable, unfair, and cruel basically theft.
