HB4125

I would like to speak on behalf of my family who has been a born and raised Oregonian. These taxes and our government are out of control and have lost the true purpose of their job, to represent Oregonians and do what's right for our families. We are opposed to you taking from our kicker and we are opposed to any more taxes. This used to be a wonderful place to live and now our schools are at the bottom statewide, our medical system is broken, our government is not for the people and we aren't going to sit back and let this happen. Either get on board with Oregonians and hear us on what we want and need or step aside and we will appoint a new government that will listen.
