Absolutely Oppose this bill !!

No to HB 4125. It is written and voted on by tax payers that our taxes are not surplus for the state to use as it pleases. It isn't surplus!!

It is our money! My funds are not yours to keep simply because you guys fail to remove the proper taxes and overtax me.

Keeping even a cent of tax payers money beyond what they should have paid via the governments failure to budget is theft and is taxation without representation !!

Think the tax on tea that was a catalyst for starting our great nation before you are obtuse enough to further head towards this means!!!

The people have spoken and our money is ours until We The People tell you different 100%.

Full stop on any kind of government overreaching actions suck as HB 4125.

NO on HB 4125 !!!
