HB4127

I am writing to you today to voice my strong opposition to this bill as it places an undue economic burden upon the consciences of people of faith in violation of their First Amendment right to freely practice their religion. The state of Oregon already uses our state tax dollars for abortions and now, it wants more because the Federal government is withholding funds to states that use taxpayer money to fund them. This is nothing more than yet another way to bilk the taxpayers to pay for services that many find barbaric and abhorrent.
