On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB1594

Dear committee members,

It is important that the office of Immigrant and Refugee Advancement create and maintain clear models, policies and procedures having to do with immigration enforcement by federal agencies. With the rise of federal law enforcement incursions into our state, we

must have a strong policy-backed state response that protects the citizens of Oregon. Please approve SB1594 and forward it to the senate floor for passage. Thank you.

Sincerely,

Marjorie DeBuse, PhD
