HB4145

I'm a lifelong born and raised Oregonian and I'm tired off having to fight every day to continue residence in Oregon. As a retired Senior Citizen of Oregon with a lifetime of residency I am deeply offended at the attacks on the Oregon Constitution and the blatant side-stepping of due process by this legislative body.

As I am not the best speaker to address this body or to articulate my mind in a clear concise manner I hereby fully and wholeheartedly stand behind the testimony of Ed Diehl regarding our opposition to HB 4145.

I adamantly oppose HB 4145 and the lack of Due Process for Oregon citizens to organize and submit testimony regarding this bill. Please refer back to the testimony of Ed Diehl as my stance.

Respectfully,

Ted Kruggel

Retired Lifelong Oregon Resident
