John Jennings

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

I strongly urge a “yes” vote on HB 4134 - 1.25% for Wildlife Bill!

I ask members of the House Revenue Committee to support this proactive funding solution that will directly help at-risk species and habitats.

As a longtime resident of Oregon (since 1978), I have enjoyed much of the states wildlife, both as a form of recreation as well as a means to mental health during times of stress.

This is a once in a generation opportunity to make a huge step in wildlife protection.

This is also a bi-partisan benefit.
