

Submitter: Jeffrey Smith

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB4145

Why are we constantly trying to make it harder on law abiding gun owners and those who want to purchase guns legally. If you really want to stop gun crimes make the penalties for those crimes harsher! Measure 114 and all these add ons will not do a darn thing to curb crime. Criminals will just go to the black market to get their firearms.
