I'm writing in opposition of HB4125. This bill would threaten all small business in the state of Oregon by taxing them to the point of closing their doors. Dutch bros. Has already left the state due to high taxes, this would cause a flood of even more employers to leave the state causing unemployment to skyrocket.

The bill allows for almost a doubling of taxes with little potential of refunds due to the slush fund the bill allows for.

This bill is not good for small business nor Oregonians. It will only further enlarge the oligarchy of international CEOs who would sell out our local communities in a heartbeat.
