HB4125

I oppose HB 2125 this is unconstitutional theft of oregonians tax dollars. According to the Oregon state constitution all surplus tax dollars are supposed to be paid back to the taxpayer in the form of a tax kicker. This is not the state of Oregon's money to take. This money belongs to the taxpayer therefore should be paid back to the taxpayer. If the state of Oregon cannot properly budget and spend the tax dollars they're getting then they do not deserve extra tax dollars.
