To whom it may concern,

Citizens are tired of being bled dry by taxes. Oregon has one of the worst education systems in the country, our roads and infrastructure are crumbling, the rate of houseless Oregon residents continues to climb, and morale is at an understandable low amongst tax payers due to unseen results from the already sky high income taxes that we pay. Now is NOT the time to be introducing a new way to tax us.

Please find a way to properly use the funds received from the exorbitant amount of income tax that we already pay before trying to sell us on a new way for the working class to get robbed of what they earned.

Thank you for your consideration to this matter.
