House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or
Topic: HB4153

I fully support farmers that are attempting to enhance their business by offering non-farm activities on their properties. Even so, such activity must be done without impairing the property rights of neighbors. The expansion contemplated by this Bill does not provide adequate protection for neighbors that can be impacted by traffic, noise or other negative attributes from expanded activities. It is important to protect the property rights of all people.
