HB 4125 – Kicker Calculation Reform-Support

Chair Nathanson, Vice Chairs Reschke and Walters and Members of the Committee

Oregon's unique Kicker Law has been the subject of much discussion'

This unique suggestion has much to commend it.

One question that comes to mind is if this reform is adopted would the bond rating agencies be supportive of the change.

In the past bond rating agencies have commented on the provision and adjusted ratings because of the Kicker.
