

Submitter: Michael Brainard

On Behalf Of:

Committee: Senate Committee On Early Childhood and Behavioral Health

Measure, Appointment or Topic: SB1573

This is a common-sense bill. We have drug zones to prevent kids from being exposed to drugs or being hired to sell drugs. Needles are dangerous, and unfortunately, there are members of communities who are careless with needles. I applauded this effort to keep needles away from kids.

If an ammendment were made, I would like to see harsher punishment for improper disposal of medical waste.
