HB4125

Once again, the legislature in Oregon is showing its goal of ruining the state of Oregon. As usual, democrats have never met a ta that they did not love! The original Idea of the Kicker was to try to reign in govt spending by making the estimate of Oregon spending resemble reality!. This has not worked. Spending by the Govt in Oregon is OUT OF CONTROL! And at least several times a session, Democrats try to steal the kicker to line their OWN POCKETS and advance their own liberal agendas! THIS MUST END! The Kicker was put into the State constitution to try to reign in these abuses! Listen to the CITIZENS of OREGON and LEAVE THE KICKER ALONE!
