

## **Support for School Meals for All (SB 1581)**

Dear Chair Frederick, Vice Chair Weber, and members of the Senate Education Committee,

I am a mother that is currently unemployed. I don't receive food assistance so I frequently visit food pantries where I can receive support with free food. Lately, I have noticed there is a scarcity, especially at the schools where there is a lot of food waste because the food is not healthy or well balanced for the children. The cost of food has increased greatly, and as a mother it is very worrying since I have to limit the food I buy for my children. I hope there is some action taken, and that they think about how this is affecting our families.

Thank you,  
Mother of three students
