HB4125

I would like to voice my support for HB 4125. The Kicker prediction has missed in every biennial forecast over the past decade to the detriment of the majority of Oregonians. We deserve a better methodology for budgeting that can take into account the unplanned events prevalent in our time. HB 4125 is a good path forward and would allow us to account for things such as the Pandemic, wildfires, tax cuts for corporations and the wealthy, and inflation. Please help Oregon be in a position to fund the programs it needs and pass this bill.
