Committee:

House Committee On Agriculture, Land Use, Natural Resources, and Water

Measure, Appointment or  
Topic:

HB4153

Our community supports Agri-tourism, public access to farms with permission, and farm to table produce. Bringing our residents onto farms for activities raises money for our farmers and ranchers to pay for their operations. This in turn supports citizens with locally sourced food that is clean and doesn't need long transport routes. This is positive for the environment. Events held on farms and ranches allow community members to meet each other and get to know the farmers that are providing our food. This is important because it helps residents know each other and work together more easily.
