HB4125

Oregon HB 4125 is designed to alter the already-established calculations for Kicker Refunds. Clearly this effort is to reduce future kicker refunds.

State income and local property taxes have been increasing substantially over recent years as well as other substantial rate and fee enhancements.

Bills such as this prove that the Oregon State Government will never be satisfied with the amount of revenue collected.

Thus the passage of HB 4125 will serve to establish a precedent for future Kicker Refund reductions.
