

Submitter:	Rachel Conley
On Behalf Of:	Bridges to change
Committee:	Senate Committee On Judiciary
Measure, Appointment or Topic:	SB1583

My name is Rachel Conley. I Oppose the measure because I am one of those people that would have been sent to prison if measure 110 had never came into existence. But with the help of Bridges to change and the measure 110, I am now a graduate of Clackamas County Drug Court prison and avoided 30 months of prison. I now have almost 3 years clean and sober and am working as a peer mentor for Bridges to Change. I am extremely blessed that the measure was in effect when I got a criminal charge due to my drug use. I believe this measure saves many people in so many ways and saved me. Please do not take away this. I know not everyone will be successful, but many will prosper. Thank you kindly for listening.
