Resources, and Water
Measure, Appointment or Topic: HB4153

Farmers should have a choice on how they want to run and support local communities and sell local, it not only helps the farmer's but it also helps small mom and pop shop's/Restaurants.

And people should have the right to choose how to shop and where to get local produce and know the source and how it's grown.

Government does not need to control everyone and everything. Period.
