House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

I support implementing gun safety measures for responsible gun ownership that will provide better public safety and save lives lost to gun violence. As a parent, woman and community member, it is necessary to make a change. Gun violence continues to disrupt lives, not just in the obvious heinous violent acts, but the constant anxiety of knowing the ease of obtaining a gun in Oregon. Schools, community gatherings, public events and many homes are always potentially fatal. This is an burden that can be lessened with HB4145
