Measure, Appointment or
Topic:

HB4153

Our small rural communities rely on our local small farms for not just access to fresh produce but for community gatherings. In our tiny community, this bill would destroy at least 7 small farms that my family supports. In fact, my family strives to eat completely local and this bill would mean I could no longer maintain this lifestyle. Please do not pass this bill and consider what our Oregon communities consist of and what we value. We are largely small, rural communities that rely on local support and fostering tight-nit communities, this bill is the opposite.
