

Submitter: Drew Farmer
On Behalf Of: Self
Committee: Senate Committee On Energy and Environment
Measure, Appointment or Topic: SB1526

I would like to support an amendment to this bill that includes an administrative cost study for the funds expended through this program. Not the budgeted rate, but the actual loaded cost in staff time, management of those staff, and admin costs on the recipients. We have seen a proliferation of funding streams and need to look at the cost of having them spread out versus consolidated.

Thank you,

Drew Farmer
Coos County Commissioner
