Dear Housing Committee,

I fully support this bill. I work with two nonprofit organizations based in Douglas and Josephine counties and I can attest that many of our residents would struggle with online applications or paying their bills online. I frequently come across residents who do not know how to work a smart phone and do not have a computer. Not to mention, many of our residents still use a paper check register to balance their checking accounts each month. This would not only limit their access to housing opportunities, but could also put them at jeopardy of losing their homes if they were suddenly required to pay online.

With that being said, the key fob portion of this bill I'm neutral on.

Thank you,
Nicole Johnson
