HB4138

Co Chairs Kropf and Chotzen,

I support HB 4138, which prohibits facial coverings on law officers. We need to be able to identify law officers if we want to feel safe, which all citizens have the right to feel. Masking increases anxiety and fear, which is the opposite of what we wish to feel from those whose jobs are to protect citizens. Please do all you can to turn this bill into law.

Thank you for your work,

Laurie Moses
