Measure, Appointment or Topic: HB4153

Valley Flora Farm services Coos and Curry counties. This bill excludes them thererfore closing their farm. It would be a devastating loss to two counties that are populated by people who rely on Valley Flora for their food. They are a sustainable and healthy resource for many people and stores. Please re evaluate what you are planning because they are not the only small farm/ resource you will shut down as it is currently written.

Sadly it seems that the rural areas, which are many, suffer from Legislation that does not appear to care about as the lifestyles and accessibility to resources are very different between the he cities ad the rural areas. Thank you for reconsidering how you write this bill
