HB4134

My name is Leslie Pohl-Kosbau, and I support the HB bill 4134, which raises fees by 1 ½ percent on tourism to fund restoration of animal habitat and provides for animals to thrive in the wild in Oregon.

Many visitors to Oregon come here to enjoy the out of doors and the animals, bobcat, elk, beaver and eagles. We need to repair and provide healthy habitat for these creatures.

I have lived in Oregon for over 76 years, and value the nature that abounds when we take care not to burn it or build over it.
