HB4134

I support this bill and encourage legislators to vote for this bill. With this bill, there's a way to increase revenue to care for wildlife and conservation efforts. Citizens and visitors who enjoy our habitats and natural surrounds. It is a small increased tax amount for funds in a time when funds are being depleted by the federal government. This bill also pulls in funds from those who may not live in Oregon since it is on lodging. It is my understanding that conservationists and ranchers are joining forces in this bill and that is beneficial. The funds are needed and the timing seems good to vote for this bill. Please vote to support HB4134.
