Please do not restrict local farms. There are several small farms here on the coast that provide residences fresh vegetables and fruit. We love the very fresh food, their produce is so much tastier than groceries' and often provide foods we otherwise can could not get. There is no good reason to restrict our ability to buy fresh, delicious food directly from the local farmers. We are not stupid, we know how to clean fresh produce. Even a very tiny farm can provide good food. Stop trying to restrict the availability of fresh produce.
