HB4079

Honorable Members of the House Committee on Education,

I am writing in support of HB 4079. I worked as a teacher and administrator in Eugene for 32 years and know that unless policies are written and approved by the school board, serious and damaging events can occur for our students, staff, and families. Rules and regulations are essential if we are to protect our communities from federal government overreach. Please do all you can to move this bill forward.

Thank you,

Laurie Moses
