Committee: Senate Committee On Early Childhood and Behavioral Health
Measure, Appointment or SB1573
Topic:

Dear sponsors of this dumb bill,

(You'll forgive my overt candidness, debilitating decorum, and lacking prose, but I'm in quite a rush.)

This is a stupid bill which adversely affects rural communities such as my own. I thought OR senate/house Republicans threw temper tantrums when Salem was being mean to rural communities, so the hypocrisy is very telling. The effect of this bill passing would be that most Central Oregon and other rural harm reduction programs will no longer be able to function. What the freak?! Not cool guys. I'm not sure what kind of fake "War on Drugs" rhetoric you're trying to pull here, but this is rather irresponsible. You're being stupid right now. Don't be stupid. Thank you.

Sincerely,
Someone less than half your age who can do your job better with a little common sense.
