

Submitter: Roger Kofler

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB4134

Our wildlife and our wild places are a goodly part of what makes Oregon, Oregon. HB4134 and the -1 amendment would support vital programs to keep our wildlife healthy, in the face of a federal government intent on doing just the opposite. Some things are more important than corporate profits and the manufacture of more Millionaires and Billionaires. Our tourist destinations are visited by thousands of people every year and support many small businesses. These people come here largely because of our wildlife and wild places.

I am aware that money is very tight right now. However I think this is a once in a lifetime chance to do something really good for Oregon and its future.

As a Native Oregonian and lifelong resident, I ask for your support of HB4134 and the -1 amendment. Thank you.
