

My name is Denise Adan and I live in Portland/Multnomah County.

I'm here to support HB 4114, the Protect Your Door Act, because our Fourth Amendment rights should mean something real.

Right now, if someone violates your Fourth Amendment protection against unreasonable searches, there's often no way to hold them accountable. You're just out of luck.

This bill changes that. It says: if you violate someone's constitutional rights, you can be sued personally. You'll pay actual damages, a minimum of \$1,000, and the person's attorney fees.

That's basic accountability. That's what makes rights real.

The Fourth Amendment protects us. HB 4114 makes sure we can enforce that protection. I urge you to vote yes.

Sincerely,

Dr. Denise Adán LAc
