

Submitter: Steven Isaacson

On Behalf Of:

Committee: House Committee On Health Care

Measure, Appointment or Topic: HB4107

Dear Members of the House Committee on Healthcare:

Oregon has a long tradition of leading in healthcare innovation and reform. HB 4107 continues in that spirit by addressing a regulatory blind spot that has grown too large to ignore. Urgent Care centers should be subject to oversight in line with their vital role in public health.

It's not about punishing clinics-it's about protecting patients. Regulation will also help reputable operators by leveling the playing field and building trust. Please help us take this important step toward a more transparent and equitable healthcare system by passing HB 4107.

Thank you.
