

Submitter: Kara Widergren

On Behalf Of:

Committee: House Committee On Education

Measure, Appointment or Topic: HB4079

Our children need to feel safe and supported at schools. That is not happening while ICE agents are present at and patrolling around schools. It is devastating to hear stories and watch videos of children terrified for the safety of themselves and their families because of the heinous actions being perpetrated by ICE. It is important that we protect these spaces in whatever way we can.
