James Haskell

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

I support H.B. 4134. Its 1.25% tax is going to multitudes of organizations within Oregon that are actively protecting our wondrous wildlife and outdoors. The other 1.5% is going to the Oregon Tourism Commission which I know wants to keep our state in good shape. Being better neighbors to all creatures big and small within Oregon shall benefit us as a community. And continue to make a future for generations onwards that'll be able to enjoy our home. Please pass this bill so that we can secure more funding for our wildlife and outdoors. Thank you for your time.
