HB4114

I am a home owner in Oregon, and I strongly support this bill. It is a gross violation of our constitutional rights to have federal agents enter our homes without a proper warrant signed by a judge. I and others are terrified that an unidentified federal agent may try to enter our homes with force. I urge you to support this bill to protect our constitutional rights and to help our community feel safer in their own homes. I will be watching to see who votes against this bill and will not vote for their re-election and will urge others I know to do the same. This is a matter that directly affects your constituents' everyday lives. I urge you to do the right thing and support this bill.
