You have got to be kidding! This is the best you could do? You might try a last resort of doing what is right for a change. We don't attempt blackmail over our federal government.

You should instead consider doing something honest and fair to ALL Oregonians. If you need ideas, we have several good people in the House and Senate who can help you write bills to correct the mess you have created. STOP sanctuary status, stop bullying people to get your way, stop misusing our money on things that should never have been covered.

We will see a brighter and better Oregon, with people moving back into the state, when you and these ideas leave.
