BILLS HJR 201 (IP-55) & SB 1592 (IP-56)

## WHY THIS REFORM IS NEEDED

### FAIR REPRESENTATION.

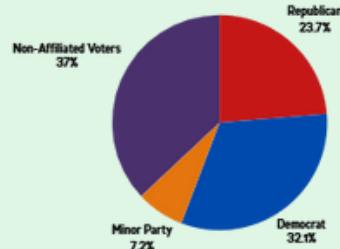

Currently, 1.1 million Oregon voters cannot vote in taxpayer-funded primary elections. Only major party members can vote and compete in state-funded primaries for U.S. Congress, Governor, Secretary of State, State Treasurer, Attorney General, and 90 Legislators.

### MORE ACCOUNTABILITY

Oregon's closed primary elections are decided by a small percentage of voters, so elected officials are not accountable to most voters.

3

### GROWING NONAFFILIATED VOTERS

Oregon's largest group of voters, outnumbering Democrats (34%) and Republicans (24%), but they cannot vote in primaries for our state's most important representatives,

## HOW THIS REFORM WILL IMPACT OREGON

### INCREASE VOTER TURNOUT

Nonaffiliated voters are the largest voting bloc in 21 of Oregon's 36 counties & in 5 of 6 U.S. House districts with 74% of Oregonians supporting open primaries.

DHM Research 9/2025 poll.

### DECREASE POLARIZATION

With nonaffiliated voters growing almost 2x since 2014, from 600,000 to 1.1 million, the largest population across Oregon remains unrepresented in the candidate selection process during the primaries. Opening primaries to all voters will provide a more reflective and accurate election of Oregonian values.
