House Committee On Health Care

Measure, Appointment or Topic:

HB4003

Dear Committee on Health Care,

I oppose HB 4003. Every time the government touches health care, it actually ends up worse for almost all end-users. I used to receive far better health care before Obama care was instituted and I paid a lot less. Covid shut downs made things worse. But even more tragic is the rate at which health care providers are leaving this state. Keep OHA from touching anything more. Let's save money and shut them down.
