

Submitter:

Fred Wittlake V

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB1563

I support this because I believe that any government organization, political body, or person in a govt position or political position should be held accountable for their actions and deeds; but further if they have denied or deprived a citizen of those rights which our laws vouchsafe, then there should be a means for that person to claim some level of restitution for their loss/injury of those rights.
